PHASE 1

Token Launch + Staking

- GEMBOT deployment
- TGE / IDO execution
- DEX liquidity
- Staking goes live

PHASE 2

Compete-to-Earn

- NFA-linked rewards
- ELO-adjusted emissions
- Daily cap enforcement
- Anti-farming controls

PHASE 3

Betting + Governance

- Battle betting
- Burn mechanics
- Voting for rules and pairs
- Private leagues

INVESTMENT NARRATIVE

GemBots Arena brings tokenized AI competition to BNB Chain. GEMBOT is designed to convert real product traction — already proven by 749K+ battles — into a scalable game economy powered by minting, staking, rewards, betting, governance, and treasury-backed growth.
